GOES TO PRISON FOR BUDDY

Harry W. Haley, Canadian Soldier, Serves Time to Save No Man's Land Comrade.

A story of personal sacrifice, unique in annals of the World war, is that of Harry W. Haley, who served in Leavenworth prison to repay a war-time buddy for his life. Haley has written the American Legion the first account of his action.

Wounded and left in no man's land, Haley, a Canadian soldier, was slowly dying from loss of blood when he was picked up by Private Thomas G. Jones, an American. After taking his buddy to safety, Jones disappeared. Back in the lines again, Haley was captured by the Germans and lost all trace of his rescuer.

On May 20, 1921, Haley arrived at the home of his sweetheart in Canada. His wedding was to occur at 8 o'clock and the guests were assembled.

Then Private Jones reappeared. He had deserted the army at Fort Slocum, N. Y., because, he said, they were going to send him back to Germany. He was suffering from mustard gas burns and had a wife and two children dependent upon him.

Haley acted quickly. Telling Jones to return to his wife and keep quiet, he informed his fiancée of his intention. She declined to wait while he served the term Jones would have to spend in prison. At the hour of the wedding Haley took a train for St. Paul, Minn. He gave himself to the first police officer he encountered, declaring he was Private Thomas G. Jones, wanted for desertion.

Tried by court-martial at Fort Crook, Neb., Haley was sentenced to dishonorable discharge and six months in prison. He had served all but 18 days of his sentence when authorities, by checking fingerprints and identification learned of the substitution. The Legion is petitioning President Harding to purge the dishonorable discharge from Haley's record.

NOTED LEGION GUEST BUSY

Marshal Foch Nearing End of Tour of Forty-Two States and Jaunt That Totals 16,000 Miles.

When Marshal Foch sails for Paris and much needed rest, he will have traveled a total of 16,000 miles on his tour of 42 states as guest of the American Legion. More than 200 towns and cities will have been visited by the allied generalissimo, in each of which the local Legion post and everybody in the community put forward their best to entertain the French hero.

The Legion tour takes Marshal Foch from coast to coast and from New Orleans to Minneapolis. Despite his seventy years, the eating of artistically gotten up banquets which are more or less digestible, and almost as many speeches each day as there are hours, the marshal will go back to France "feeling fine." He likewise withstood the administration of the degree of E.L.D. conferred upon him by 17 universities and colleges.

One of the marshal's last photographs, taken in an unguarded moment, depicts his "fighting face," according to his aide's, American Legion members of the Foch party, however, declare it moreover shows the effects of the long strain on the allied leader.

Above the Draft Age.

John Sylvester Myers, one hundred and two years old, walked from his home at Lime Ridge to Bloomsburg, Pa., to address a meeting of the Bloomsburg post of the American Legion. Myers told how he tried to get into service during the World war, but was rejected, because he was "above the draft age." The centenarian told an interesting story of his life. He had served in the Mexican and Civil wars, and was rejected from service during the Spanish-American war because of his age. He has also served in the navy. He has been married three times, his last marriage being at the age of ninety-two. "I feel just as good as I ever did," declared the veteran.

He Is Not Dead but Sleepeth.

"So the saloons are dead," mourned the overseas veteran, returning to the land of the free, for the first time since 1917. "Yes," answered his friend cheerily, "but you can communicate with their spirits."—American Legion Weekly.

Justified—Without a Cause

By REV. B. B. SUTCLIFFE
Extension Department, Moody Bible Institute, Chicago.

TEXT.—Being justified freely by His grace through the redemption that is in Christ Jesus.—Rom. 3:24.

"A miss is as good as a mile." Two men hurry to catch a train and both arrive too late. One misses it by ten minutes, the other by one minute. As far as catching the train is concerned the latter might just as well have arrived ten minutes late as the one minute. Just so is the NEED of justification stated in Romans 3:23: "There is no difference, for all have sinned and come short of the glory of God."

There may be a wide difference in the degree of sinfulness, but there is none as far as the fact of sin is concerned; "a miss is as good as a mile."

The SOURCE of justification is found in the grace of God. "Being justified freely by His grace."—Romans 3:24. The word translated "freely" here is the same word used by Jesus in John 15:25: "They hated me WITHOUT A CAUSE." In Him was no cause for their hatred but they hated Him "freely." "There is no cause in the sinner for justification, for 'all have sinned.' God justifies the sinner freely (or, without a cause) by His grace."

The METHOD of receiving justification is by faith: "Therefore being justified by faith."—Rom. 5:1. It is not by works of any kind, past, present or future, but by simple faith. This is where the religion of the world and the religion of the Bible are at variance. The world would have justification depend on what the sinner does, or attempts to do, or promises to do. God justifies freely; without a cause in the one justified. The moment the sinner lets go of every other hope and trusts wholly in what God has done, he stands justified before God. Some continually wonder if they have enough faith or if the faith they have is the right kind. If there is faith at all it is enough and if it is faith in what God has done it is the right kind. If God justified a sinner for anything that sinner does, or attempts to do, or promises to do, "justified by faith" would have no place in Scripture.

The man who most earnestly and most sincerely tries to be saved is the very one who most earnestly and most sincerely denies the need for the sacrifice of Christ upon the cross.

The GROUND upon which God is enabled to justify the believing sinner is the blood of Christ. "Being justified by His blood."—Rom. 5:9. It is the blood of Christ alone that procures justification for the believer. It is because the death of Christ so fully removes all that stands against the sinner, every spot and stain of sin, every act of disobedience, every transgression against God, that God Himself sees it no more. The believer, therefore, is as far removed from the judgment on sin as the blood-shedder Israelite was removed from judgment during the night of the passover in Egypt. At that time the word was, "When I see the blood I will pass over you."—Exod. 12:13. Nothing was said concerning any other protection save the blood; if that was upon the door those behind it were as safe as God could make them. They were safe, not because of anything in themselves, but because of the blood. They were saved "freely," without a cause in themselves. So the believer today is justified freely through the redemption that is in Christ Jesus. "Christ our passover is sacrificed for us."—1 Cor. 5:7. We must be "justified by blood" or not at all.

The CONTINUITY of justification lies in the fact that "it is God that justifieth."—Rom. 8:33. It is God who is sinned against and He is satisfied with what Christ has done upon the cross and justifies upon that ground, who can bring any charge against the believer? What end would be served by charging anyone with a crime if the judge of that crime justified and set at liberty the person accused?

The reason why many are not justified is found in Romans 10:1-4. "They, going about to establish their own righteousness, have not submitted themselves to the righteousness of God." Attempting to establish one's own righteousness is refusing the righteousness of God which He freely offers to all who will receive it by faith.

Justification is needed by every sinner, is provided by the grace of God, is procured by the blood of Christ and is offered to all who will accept it by simple faith. It is possessed through faith by the one who ceases from his own efforts to be saved. It is rejected through unbelief by the one who continues in his own efforts to be saved.

Those Who are Gone.

Those who are gone you have. Those who departed loving you love still; and you love them always. They are not really gone, those dear hearts and true—they are only gone into the next room; and you will presently get up and follow them, and your door will be closed upon you, and you will be no more seen.—William Makepeace Thackeray.
